SOULPARLEZ

WHERE FOUR FEMALE VOICES EMERGE INTO ONE.

GENTLE, YET POWERFUL SOUNDS RUN LIKE A COMMON THREAD WITHIN THEIR COMPOSITIONS. THEY BEAUTIFULLY MANAGE TO CREATE UNIQUE MOODS THROUGH COMBINING VARIOUS INFLUENCES SUCH AS JAZZ, POP, SOUL OR FRENCH CHANSONS.

the four women quickly noticed the strong bond they felt towards each other while first singing together at jam sessions and small concerts around vienna.

their voices seemed to flow into each other naturally, without losing what makes each one of them special. it was only a matter of time until they decided to form a group, where they could combine their different styles and create a unique sound - soulparlez was born.

their voices take the listener through endless airiness to a place far away, but yet so near. telling stories of self-empowerment, love or their perception of society, soulparlez dare to speak their minds through their music.

based in vienna soulparlez have released their debut EP "falling apart" in 2022, as well as their debut album "where we'll stay" in december 2023.

after many writing- and studio sessions as well as playing multiple live shows around austria and germany, they will be touring through china in december for the first time - ending 2024 with a bang.

the quartet has recently finished recording new music, waiting to be released in early 2025. there is a lot more to come, this is just the beginning.
